16. While Applicant has internally generated funds, same is insufficient and needs to be augmented by a loan through NEA's lending program, designed to assist the electric cooperatives and/or other Private Financing Institution, which can offer the least interest rates to the benefit of the member-consumers; hence, to apply for an authority to secure loan from the Commission is deemed prudent, rational and necessary;
17. That, Applicant reiterates and incorporate the foregoing allegations in support of its application for issuance of provisional authority and further allege:
- a. That the amount and the extent of the damage caused by super typhoon Odette is unprecedented which not only affected the distribution system of CEBECO I but likewise significantly affected the financial condition of the Applicant;
 - b. The negative impact in its financial condition is seen to affect CEBECO I's financial obligation and its operations to the detriment of its member-consumers;
 - c. Considering that financial institutions, which could provide the least interest rates, requires an approval of the Force Majeure CAPEX or a provisional authority issued by the Honorable Commission in order to avail said loan facility;
 - d. Thus, the provisional authority that may be issued by the Honorable Commission will provide Applicant the opportunity to draw a loan from these financial institutions and settle the cooperative's obligation due to its suppliers in the implementation the Force Majeure Capital Expenditure Project;
 - e. That Applicant is aware that the Provisional Authority that may be granted is subject to the final evaluation of the Honorable Commission;

18. In compliance with Section 2, Rule 6 of the ERC Rules of Practice and Procedure, copies of this Application together with all its annexes and accompanying documents had been furnished by Applicant the Office of the Mayor and the Legislative Body of the Municipality of Dumanjug, where Applicant principally operates and the Office of the Governor and the Legislative Body of the Province of Cebu. Likewise, the Application was published in a newspaper of general circulation within the franchise area of the Applicant;
19. As proof of compliance of the service of the copies of the Application together with all its annexes are the Certifications issued by the Authorized Representatives of the Local Government Units and/or the Affidavit of Service executed by an employee of the Applicant and the first page of the Application bearing the receiving stamp of the aforementioned Offices as **Annexes "C", "D", "E" and "F"**, respectively. Likewise attached hereto as **Annexes "G" and "H"** are the Affidavit of Publication and the newspaper issue containing the published Application;
20. Moreover, prior to the filing of this Application, a pre-filing conference with the concerned staff of the Commission was conducted pursuant to Section 4 of Rule 6, and for purposes of determining completeness of the supporting documents attached to the Application.

PRAYER

WHEREFORE, premises considered, Applicant respectfully prays that the Honorable Commission after due hearing and evaluation of the Application, an Order be issued:

1. **Confirming and approving** the repair, restoration and rehabilitation of distribution facilities & infrastructures and replacement of materials & equipment damaged by Typhoon Odette;
2. **Approving** the application for authority to secure a loan with the National Electrification Administration (NEA) and/or other Private Financing Institution that will provide the least interest rate to the benefit of the member-consumers;
3. **Allowing** Applicant, through a Provisional Authority, to Secure a Loan with the National Electrification Administration (NEA) and/or other Private Financing Institution that will provide the least interest rate to the benefit of the member-consumers pending resolution of the Application in order to allow Applicant to draw loan from other Private Financing Institution that will provide the least interest rate to the benefit of the member-consumers;

Other relief just and equitable are likewise prayed for.
